To: Our valued tow provider

From: The INA Towing Team

We would like to announce our exciting news to your team. INA Towing Network, LLC has moved into our new location at 6801 Power Line Drive in Florence, KY. We have the same talented INA team, with some new additions, to contact you on tow requests. We are continuing to grow through your great service performance to our fleets. The talent and commitment you bring to the table help us to deliver Simplified Solutions, Superior Service to our customers consistently. Thank you for all you do!

We have attached our press release regarding Interstar Fleet Services Intermodal Division to TRAC Intermodal. As part of the sale TRAC bought the Interstar brand worldwide and therefore INA had to resume their original name. So you will hear a familiar voice calling you saying INA Towing, so just know it is the same team behind the name. Please update your records to reflect this new info.
